SKILLS

HTML
CSS
JavaScript
Java Programming language
Power Bi
React.js

OBJECTIVE

I seek challenging opportunities where I can fully use my skills for the success of the organization.

EXPERIENCE

Web Development Intern 5/7/25 - 5/8/25
Codsoft

- Developed and styled interactive and responsive web pages using HTML, CSS, and JavaScript.
- Gained practical experience in debugging and problem-solving within a development lifecycle.

EDUCATION

B.Tech in AI&DS 2022-2026
Arunai Engineering college
GPA-8.7

PROJECTS

1. Personal Portfolio Website

· Crafted a professional digital portfolio from scratch to serve as a central hub for my work and skills. Focused on clean design, smooth animations, and full mobile responsiveness to ensure an engaging experience for potential employers and clients.

2. Landing Page

· Designed and developed a high-conversion landing page for a mock product. Utilized modern CSS with Flexbox/Grid to create a visually appealing and responsive layout aimed at capturing user interest and driving engagement.

3. Calculator Web Application

· Engineered an interactive, user-friendly calculator with a clean glassmorphism UI. Implemented robust JavaScript logic to handle arithmetic operations seamlessly, prioritizing a bug-free and intuitive user experience.

4. Custom T-shirt builder website

· Developed an interactive single-page application (SPA) allowing users to design custom t-shirts.

· Implemented core features including dynamic text customization, image upload, and a real-time design preview canvas.
